### *New Tow-To-Go Chain Has Universal Applications*

Pewag is pleased to introduce a new ready to use “Tow-to-Go” chain system. Tow-to-Go is available in 10’ & 16’ lengths and provides a safe and easy solution to the nearly endless towing application needs. No need to work with bulky loose chain, complicated grab hooks or tow straps with limited work load capacity.

This new chain system is perfect for automotive, industrial, farm and agriculture applications.

#### Key Features & Benefits Include:

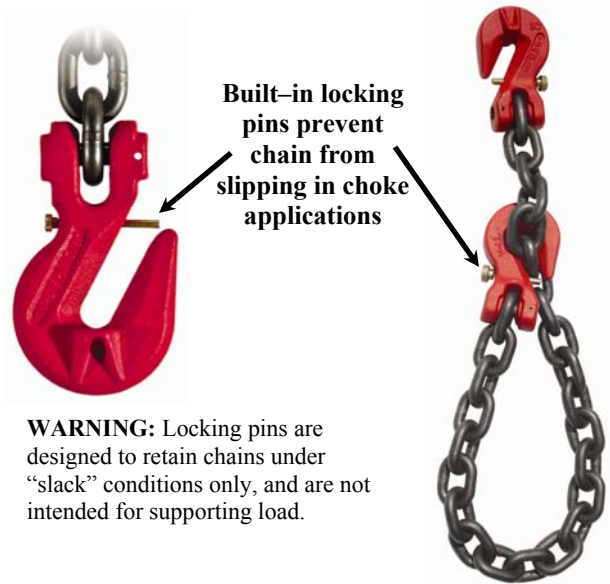

- Ready to use tow & pulling chain
- High quality grade 80 chain can handle high work loads and enhance safety
  - 5/16” chain can handle up to 4,500 lb work load
  - 3/8” chain can handle up to 7,100 lb work load
- Available in 10’ & 16’ lengths
- No assembly required
- Unique Grab Hooks with built in locking pins prevent chain from slipping in choke applications
- Provide a better & safe alternative to standard grab hooks
- Convenient solution for most any tow & pulling applications
- Convenient storage bag included

Attractive retail packaging maximizes POP Sales

Part No.	Description
8G80SGGS/10	5/16" / 10'
8G80SGGS/16	5/16" / 16'
10G80SGGS/10	3/8" / 10'
10G80SGGS/16	3/8" / 16'

Built-in locking pins prevent chain from slipping in choke applications

**WARNING:** Locking pins are designed to retain chains under “slack” conditions only, and are not intended for supporting load.

For more information, visit our website at [glacierchain.com](http://glacierchain.com). Also please make sure to review the wide array of Pewag chain products that are available. Our diverse product offering covers a full spectrum of industrial applications, including Security, Towing, Load Securement, Overhead Lifting (Grade 100 & 120) and Conveying.
